Mr. Weatherbie shared documents with the Council, illustrating the Web Site he had designed for the JHTC. He stated that the gentleman who could provide a free site would have to post updates to the JHTC page when he had time. Mr. Weatherbie stated that QNET would provide a Web Site, which included the Web Page and five email mailboxes for a cost of \$84.00. He stated he preferred the QNET site as it gave the Council full control of their own postings. Mr. Weatherbie stated that, since the Council has such a small treasury and needs this means of communicating with the community, his family would pay for the first year. He stated that the "Domain Name" of "juniperhills.org" was already in use and suggested several others. Motion was made by Mrs. Richter, second by Mrs. Bridwell to approve the web site at QNET using the name "juniperhills-ca.org." Motion passed unanimously. Mr. Reichel asked who would have the rights to the Web Site. Mr. Weatherbie stated it would be in the name of the Council and all members would have the passwords to access it. He also stated he would continue to use the site under his personal account to post changes, seeking approval from the council, before posting the changes to the Council account.

From the audience, Mrs. Weatherbie requested the Council consider inclusion of the Juniper Hills Association information on the Web Site. Mrs. Richter stated that this had been their intention all along.
